DALSIN INDUSTRIES, INC.

Design Capability: SolidWorks and CAD

As a full-service sheet metal fabricator, Dalsin Industries offers our customers complete contract manufacturing solutions including design and engineering assistance.

New projects are reviewed by a team from manufacturing, engineering, and estimating to ensure the most cost efficient manufacturing method and optimum design for functionality.

3-D modeling in SolidWorks

Value-added Engineering Services:

- Rapid prototypes for medium to large run production
- Able to import customer CAD files in most formats including DXF and IGES
- Programming in SolidWorks
- Reverse engineering capabilities
- Design assistance
